

# GREATEST IN THE WORLD!

WHY THOUSANDS OF FAMILIES OWE THEIR  
HEALTH TO PAINE'S CELERY COMPOUND.

Thousands of persons are suffering from no definite disease, but are tired, worn out, weak and nervous.

To meet the needs of just such over-worked, over-anxious men and women whose nerves are shattered and their blood grown thin and impure, Paine's celery compound is prescribed.

It is the greatest remedy the world has ever known for failure of mind and body, for depression, debility and all complaints arising from depressed vitality.

It restores the functions of the digestive organs, strengthens the mental and physical powers, relieves the dullness and fatigues of nervous weakness.

"Ten minutes are required to repair one night's loss of sleep," says an adage. But nothing so calm and soothing to nerves as Paine's celery compound or so surely brings sound, dreamless sleep during which the daily loss of nervous energy is replaced and the exhausted energy is restored and the exhausted tissues repaired.

For men who cannot afford to the smallest strain of social life or expenditures of vitality through any loss of digestion, a drug will save them from complete breakdown than Paine's celery compound.

Paine's celery compound is the outcome of a long life devoted to incessant sounding of the voices of the important organs of the body and their dependence upon the nervous system.

No man more eminent than Edward S. Phelps, M. D., LL. D., professor in the McCormick medical school, first prepared Paine's celery compound, the great remedy that has cured so many

thousands sick, nervous and unfeeling men and women throughout the country.

Paine's celery compound supplies the tired system all it needs in the way of food for nerves and blood.

Rheumatism is relieved when every other means fails.

In all wasting diseases recovery becomes a simple, easy matter when the strength is kept up by Paine's celery compound and the nerves and vital organs receive in abundance the food they demand.

The foundation of recovery from disease which attack special organs is laid by the utmost attention to the nutrition of the whole body. No nutritive agent was ever discovered that will feed aching nerves and brain, and restore the natural functions of the vital organs like Paine's celery compound. Well nourished bodies, well fed brains, sound sleep, health and strength have come to thousands from Paine's celery compound.

Mr. J. H. Engle is a prominent merchant in the beautiful town of Hinsdale, Iowa. His reputation is too high to permit of his recommending a preparation unless it has superior merit. Read what he says of the great good Paine's celery compound has done him and his family: "I feel in my duty," he writes, "to say a good word for Paine's celery compound. I have suffered for a number of years from rheumatism, and have tried many different medicines without success. Finally I was persuaded to try Paine's celery compound. After using some bottles I am in better health than I have been for many years."

"My wife and children have also been using the compound with marked benefit to all of them."

The picture above is of Mr. Engle and his family. They have had the same experience as thousands of others.

## WITH FREEZING HOSE.

**Two Fires Within the City Limits—Neither serious.**

In the past two-and-a-half hours there have been several fires. At 8:30 last evening a fire in the house of Mrs. J. M. Clark at 1228, east Eighth street. The damage was slight.

At 8:40 fully an hour from the first the alarm bell in the two-story brick residence at 910 north Kansas avenue, owned and occupied by A. E. Alexander. The fire started in the blue, and did \$50 worth of damage before it was put out. The house was insured for \$300, but no insurance on the content.

This is the third year when fires are to be expected. Last night was much like a blizzard, and when P. S. Noel's residence, George W. Chean's and George W. Bond's printing establishments were burned out. The fire department is on the alert to do the best it can, but with water frozen in the hose they labor under great difficulties.

Chief Wilmeth says there are more disastrous fires in the winter because heating apparatus, due to its greatest test, and any defects in it cannot be seen at this time. Other fires that would not be serious set a big start because there are fewer people on the streets to discover them.

The chief says also that it is the duty of the fire department to prevent and extinguish fires, not to discover them. The better and more honest the police and the public, and the more alert to great vigilance, especially cold season.

## LAWYERS BY SCORES

Are Here to Attend the State Bar Meeting.

## SOME BRILLIANT LEGAL LIGHTS

**Who Will Read Papers of Interest to  
Lawyers and Others, and Discuss  
Them.**

Not less than 200 attorneys representing the best legal talent in Kansas, are in Topeka to attend the opening session of the annual meeting of the State Bar association in Representative hall tonight.

They meet first at 4 o'clock this afternoon, but at that meeting nothing is being done but the consideration of committee reports. At tonight's meeting Rev. Dr. Fairless will open the session with prayer, and after the annual address of the president, Judge James Humphreys of Junction City, Henry Wade Rogers, L. D. president of the Northwestern University, Evanston, Ill., will speak on "The Lawmaking Power." Dr. Rogers is a man in whose sound judgment the lawyers, the whole country over, place great confidence. His remarks on this subject will be worth listening to.

Tomorrow morning R. B. Spillman, of Manhattan, will speak on "Naturalization" and his paper will be discussed by A. J. Abbott of Garden City and G. F. Grattan of McPherson.

A. A. Godard of Topeka, will discuss "Municipal Bonds," and J. D. McCleary of Ft. Scott, and J. H. Mahan of Abilene, will discuss the paper.

In the afternoon H. Whiteside of Hutchinson, will discuss the important subject "Should jury trials be abolished in the United States?"

Thomas P. Fenlon of Leavenworth, and Charles B. Graves of Emporia, will discuss the paper. The election of officers will follow.

The session will close with a banquet at \$3.00 tomorrow evening at the Copeland.

The public is cordially invited to attend the sessions in Representative hall.

Dr. Rogers arrived on the 3:30 Santa Fe train from the east.

## SOCIAL AND PERSONAL

**Items of Interest About Topeka People  
and Visitors in Town.**

Mrs. G. P. Ashton planned a delightful surprise for her husband last evening, it being their eleventh wedding anniversary, and about twenty friends were invited to spend the evening.

High five occupied their attention the fore part of the evening and the programs were marked by dropping tiny French boules into small bottles, the number of the bottles being written on the cork. Mrs. E. J. Outer and Mr. Harry Oliver were winners, while Miss Katherine Crawford and Mr. Lindsay Foggin were consigned with a bottle of catchup and pickles respectively. A card attached to the former bore the word "Now," meaning "now catch up" and to the latter was fastened a bit of paste board with "Old what a pecker," etc.

Miss Crawford, who has recently graduated from a school of dramatic art in Chicago, gave some very clever recitations, and Messrs. Pogues and Waters sang. The rooms were handsomely decorated with cut flowers and luncheon was served in courses.

The host and hostess received many handsome presents in honor of the occasion, and their guests were Mr. and Mrs. Harry Oliver, Mr. and Mrs. E. J. Outer, Mr. and Mrs. Geo. B. Palmer, Mr. and Mrs. W. H. Kennedy, Mr. and Mrs. A. Hard, Mr. and Mrs. Charles Engle, Mrs. J. W. DeWitt, Miss DeWitt, Miss Susan Chase, Miss Katherine Crawford of Cicero and Messrs. J. Q. Walker, Lindsay Foggin, and J. B. Clay.

Mr. and Mrs. Pierce Es strain.

Mr. and Mrs. Robert Purie entertained the "Bartons" coming at dinner Monday evening, and they afterwards occupied a box at "Oscapella". The company, consisting of Mr. and Mrs. Pierce, Misses Myra Williams, Mary McCabe, and Virginia Mulvane, and Messrs. A. W. Hama and Marc Hopkins, were in the front box on the right-hand evening. Back of them were Mrs. Senator Martin and daughter, and the rear box on the left was occupied by Misses Madge and Madeline Johnson, the Misses Harvey of Leavenworth, and Messrs. Eugene Hagan and W. J. Black.

Mr. and Mrs. Purie Es strain.

Mr. and Mrs. Harry King came over from Atchison to see Fanny Davenport in "Oscapella" last night.

Miss Esther Jenness has returned from Lake Okla., where she spent a few days with her father.

Mrs. C. B. Kilmer and daughter Lois have gone to California for the remainder of the winter, and Dr. and Mrs. McCord will occupy their residence, 1800 Buchanan street.

Miss Gertrude Smith entertained eight intimate friends at tea yesterday.

A. P. Turner is in Chicago.

There will be a musical at Bethany Saturday evening.

Mrs. Alice McCoy of Emporia is visiting in town.

Mrs. Daisy McClure arrived today to visit her son, Miss Helen McClure of Mount Holyoke College.

Mrs. Fannie McCashin will give a "fishing party" Friday evening at her home on Monroe street.

They Made Trouble in Church, But Their Costs Are Outrageously High.

Mr. Fleck and E. Spurgon have been arrested and fined by Justice Graver for disturbing the quiet of a religious meeting Sunday night in the church at Seabrook. The boys were among a lot of other boys who refused to take off their hats, talked loud during the sermon and chewed tobacco, especially in the aisle.

Degow has been selling for several months. If the police are not mistaken, Captain Gish and Officer Campbell made the arrest. Degow put up \$100 bond for his appearance in the police court tomorrow morning.

Brigadier General J. G. Samuelson of the Ancient Order of Loyal Americans has announced the appointment of only one of his colonels, and that position has been accepted by Joe Anderson of the second ward. Mr. Samuelson says, however, that the appointment of the four additional colonels will be made this week and that each colonel will appoint as many captains as there are precincts in their various wards.

C. H. Alexander, book-keeper for the Western Union Telegraph company in this city and for nine years in an adjoining city, has resigned that position and will now seek out for something higher. He has always been an inclination towards the legal profession, and will enter the University of Michigan at Ann Arbor for a full course in that famous law school.

## TOPEKANS IN IT.

**George S. Chase and Henry C. Speer Interested in an Eastern Railroad.**

Two former well-known Topekans are at the head of a new railroad, which is to be built this summer and will connect Washington and Baltimore with the ocean at Cheyenne, Indiana.

The road is to be known as the Washington & Chesapeake Roads railway and the former Topekan connected with it are Henry C. Speer now of Chicago, who is vice-president of the company, and George S. Chase, now of Washington City, who has been chosen general attorney of the road.

A number of the friends of the late J. C. Heald, Engel, yesterday's claim to attend the services which coincided all that was mortal of the dead journalist to his last resting place. The funeral was held at the fair car 3 o'clock and was conducted by Rev. Dr. Braskeley. The interment was made at Rochester cemetery. The pallbearers were Judge F. G. Adams, Frank A. Root, G. F. Kimball, E. H. Snow, Postmaster A. J. Arnold and J. B. Smith.

15 lbs. choice refined lard for \$1.00, at Goodman Bros., 841 Kan. ave.

## NOT DISREPUTABLE.

**Police Commissioners Not Allowed to Make This Charge Against Topeka Club.**

Judge Hazen has decided one point in the famous Topeka City damage case against the police commissioners.

This is the case in which each of the seven members of the Topeka club who were arrested when the club was raided submitted suit against the commissioners for damages in the sum of \$10,000.

In their answer to the petition of the club members, the police commissioners charged that the club was a disreputable house and the clubmen through their attorneys in turn moved to strike out that part of the answer.

Judge Hazen has now sustained the motion to strike out this part of the answer and when the case is called for trial it must be heard on a plain statement of the facts which led to the arrest.

**Help Up on Kansas Avenue.**

A JOURNAL reporter met Mr. Monahan, city manager of the Southwestern Fuel company, on Kansas avenue this morning and attempted to hold him up, but he was moving so fast that the attempt was almost a failure. However, he took time to say this much. The question was asked him, "What about the fight among the coal dealers?" "We know nothing of it." The Southwestern made a general reduction in price last week, and advertised such price. Other dealers have met our prices, all of whom they were compelled to do, or take down their signs. I would like to talk with you further, but you will have to excuse me, we are very busy. You might state in your paper, however, that the Southwestern can use a few good teams if application is made at their yards." "How many wagons are you running?" "Fifteen today." "Good-day."
